Battery Charging

STILL UNDER DEVELOPMENT

Charging Menu Controls

'-'

- Cycles through the charging options for the battery chemistry

'+'

- Should cycle in the opposite direction of '-', but there is a short between it and 'PORT' on this charger.

'PORT'

- Switch between ports, it will also change battery chemistry

'MODE'

- Cycles between the Charging menu, Data View, and Settings Data.
- Inside these options, use '-' to cycle through all the options.

'ENTER'

- A long press (~1 second) starts the charging cycle.
- A short press cycles through the options on the screen, it lets you change the capacity it lets
